Kitchenuhmaykoosib Inninuwug

Big Trout Lake is located approximately 437 Kilometres north of Sioux Lookout with a population of approximately 1200 on reserve members. Treaty nine territory.

Drone view of Boilers/chip container.

We have 2 x 150 kW wood chip boilers

We lit our boiler last week and it is heating the band office

We had challenges and think we worked it out

We hope to compare results from Pikangikum FN who off set 69,312 litres of diesel last heat season

# Yearly boiler maintenance

Teaching Judas too clean up the ash and boiler coils.

Cleaning boiler 2023

Joshua Scrubbing Boiler spring chambers 2023

Myself and Josh “supervising”

The inside of "Boiler2"

Cleaning/changing chipper Blades 2024

Chad Cleaning out the Chipper of any debris

The guys working on  
the chipper.

Chipper Blades and maintenance.

The Crew Feeding the Chipper 2023

# First day operating drone after training.

Sandy Banks harvesting/Planting trees area.
